Detailed Notice of Privacy Practices

Purpose of This Notice: This notice describes your legal rights, advises you of our privacy practices, and lets you know how La Porte County E.M.S. is permitted to use and disclose PHI about you.

Uses and Disclosures of Your PHI We Can Make Without Your Authorization

La Porte County E.M.S. may use or disclose your PHI *without* your authorization, or *without* providing you with an opportunity to object, for the following purposes:

Treatment. This includes such things as verbal and written information that we obtain about you and use pertaining to your medical condition and treatment provided to you by us and other medical personnel (including doctors and nurses who give orders to allow us to provide treatment to you). It also includes information we give to other healthcare personnel to whom we transfer your care and treatment, and includes transfer of PHI via radio or telephone to the hospital or dispatch center as well as providing the hospital with a copy of the written record we create in the course of providing you with treatment and transport.

Payment. This includes any activities we must undertake in order to get reimbursed for the services that we provide to you, including such things as organizing your PHI, submitting bills to insurance companies (either directly or through a third party billing company), managing billed claims for services rendered, performing medical necessity determinations and reviews, performing utilization reviews, and collecting outstanding accounts.

Healthcare Operations. This includes quality assurance activities, licensing, and training programs to ensure that our personnel meet our standards of care and follow established policies and procedures, obtaining legal and financial services, conducting business planning, processing grievances and complaints, creating reports that do not individually identify you for data collection purposes, and certain marketing activities.

Reminder for Scheduled Transports and Information on Other Services. We may also contact you to provide you with a reminder of any scheduled appointments for non-emergency ambulance and medical transportation, or for other information about alternative services we provide.

Other Uses and Disclosure of Your PHI We Can Make Without Authorization.

La Porte County E.M.S is also permitted to use or disclose your PHI *without* your written authorization in situations including:

- For the treatment activities of another healthcare provider;
 - To another healthcare provider or entity for the payment activities of the provider or entity that receives the information (such as your hospital or insurance company);
 - To another healthcare provider (such as the hospital to which you were transported) for the healthcare operations activities of the entity that receives the information as long as the entity receiving the information has or has a relationship with you and the PHI pertains to that relationship;
 - For healthcare fraud and abuse detection or for activities related to compliance with the law;
 - To a family member, other relative, or close personal friend or other individual involved in your care if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family, relatives or friends if we infer from the circumstances that you would not object. For example, we may assume that you agree to our disclosure of your personal health information to your spouse when your spouse has called the ambulance for you. In situations where you are incapable of objecting (because you are not present or due to incapacity or medical emergency), we may, in our professional judgement, determine that a disclosure to your family member, relative, or friend is in your best interest. In that situation, we will disclose only health information relevant to that person's involvement in your care. For example, we may inform the person who accompanied you in the ambulance that you have certain symptoms and we may give that person an update on your vital signs and treatment that is being administered by our ambulance crew;
 - To a public health authority in certain situations (such as reporting a birth, death or disease, as required by law), as part of a public health investigation, to report child or adult abuse, neglect or domestic violence, to report adverse events such as product defects, or to notify a person about exposure to a possible communicable disease, as required by law;
 - For health oversight activities including audits or government investigations, inspections, disciplinary proceedings, and other administrative or judicial actions undertaken by the government (or their contractors) by law to oversee the healthcare system;
 - For judicial and administrative proceedings, as required by a court or administrative order, or in some cases in response to a subpoena or other legal process;
 - For law enforcement activities in limited situations, such as when there is a warrant for the request, or when the information is needed to locate a suspect or stop a crime;
 - For military, national defense and security and other special government functions;
 - To avert a serious threat to the health and safety of a person or the public at large;
 - For workers' compensation purposes, and in compliance with workers' compensation laws;
 - To coroners, medical examiners, and funeral directors for identifying a deceased person, determining cause of death, or carrying on their duties as authorized by law;
 - If you are an organ donor, we may release health information to organizations that handle organ procurement or organ, eye or tissue transplantation, or to an organ bank, as necessary to facilitate organ donation and transplantation;
- And
- For research projects, but this will be subject to strict oversight and approvals and health information will be released only where there is a minimal risk to your privacy and adequate safeguards are in place in accordance to the law.

Uses and Disclosures of Your PHI That Require Your Written Consent

Any other use or disclosure of PHI, other than those listed above, will only be made with your written authorization (the authorization must specifically identify the information we seek to use or disclose, as well as when and how we seek to use or disclose it). Specifically, we must obtain your written authorization before using or disclosing your: (a) psychotherapy notes, other than for the purpose of carrying out our own treatment, payment or health care operations purposes, (b) PHI for marketing when we receive payment to make a marketing communication; or (c) PHI when engaged in a sale of your PHI. **You may revoke your authorization at any time, in writing, except to the extent that we have already used or disclosed medical information in reliance on that authorization.**

Your Rights Regarding Your PHI

As a patient, you have a number of rights with respect to your PHI, including:

Right to access, copy or inspect your PHI. You have the right to inspect and copy most of the medical information the we collect and maintain about you. If you wish to inspect and copy your medical information, you should contact Andrew S. McGuire, our HIPAA Compliance Officer.

We will normally provide you with access to this information within 30 days of your written request. In addition, if you request that we transmit a copy of your PHI directly to another person, we will do so provided your request is in writing, signed by you (or your representative), and you clearly identify the designated person and where to send the copy of your PHI.

We may also charge you a reasonable cost-based fee for providing you access to your PHI, subject to the limits of applicable state law.

Right to request restrictions on uses and disclosures of your PHI. You have the right to request that we restrict how we use and disclose your medical information for treatment, payment or healthcare operations purposes, or to restrict the information that is provided to family, friends and other individuals involved in your healthcare. However, we are only required to abide by a requested restriction under limited circumstances, and it is generally our policy that we will not agree to any restrictions unless required to do so by law. If you wish to request a restriction on the use or disclosure of your PHI, you should contact Andrew S. McGuire, our HIPAA Compliance Officer and make the request in writing.

La Porte County E.M.S. is required to abide by a requested restriction when you ask that we not release PHI to your health plan (insurer) about a service for which you (or someone on your behalf) have paid LaPorte County E.M.S. in full. We are also required to abide by any restrictions that we agree to. Notwithstanding, if you request a restriction that we agree to, and the information you asked us to restrict is needed to provide you with emergency treatment, then we may disclose the PHI to a healthcare provider to provide you with emergency treatment.

A restriction may be terminated if you agree to or request the termination. Most current restrictions may also be terminated by La Porte County E.M.S. as long as we notify you. If so, PHI that is created or received after the restriction is terminated is no longer subject to the restriction. But, PHI that was restricted prior to the notice to you voiding the restriction must continue to be treated as restricted PHI.

If we discover that there has been a breach of your unsecured PHI, we will notify you about that breach by first-class mail dispatched to the most recent address that we have on file. If you prefer to be notified about breaches by electronic mail, please contact Andrew S. McGuire, our HIPAA Compliance Officer, to make La Porte County E.M.S. aware of this preference and to provide a valid email address to send the electronic notice. You may withdraw your agreement to receive notification by email at any time by contacting Andrew S. McGuire.

You have the right to request that we send your PHI to an alternate location (e.g., somewhere other than your home address) or in a specific manner (e.g., by email rather than regular mail). However, we will only comply with reasonable requests when required to do so by law. If you wish to request that we communicate PHI to a specific location or in a specific format, you should contact Andrew S. McGuire, our HIPAA Compliance Officer and make a request in writing.
