Re: Free COVID-19 testing procedures at the 302 West 8<sup>th</sup> Street office location

To best serve our county families at our testing site, we would like to take a moment to share with you our testing team's operating directive which is mandated by order from the Indiana Department of Health.

1. Rapid testing will be determined by our clinical staff in following specific medical criteria which must be met in order to receive a rapid test per guidance from the Indiana Department of Health.
2. Written orders from employers and or physicians are under discretion of the testing site clinical staff based on protocol from the Indiana Department of Health and does not guarantee the administration of a rapid test.
3. Preregistration is strongly encouraged. To secure an appointment please visit: [scheduling.coronavirus.in.gov](https://scheduling.coronavirus.in.gov)
4. Walk-in appointments will be determined by schedule availability.

Free testing is available to all members of the public beginning at 2 years of age regardless of symptoms.

Average delivery of test results is 3-4 days from date of specimen pickup.

Testing is available:

Monday, Wednesday, Friday 9:00 a.m. – 7:00 p.m.

Tuesday & Thursday 9:00 a.m. – 5:00 p.m.

Clinic is closed Saturday & Sunday

Please see attached information sheet for additional local testing site locations.

Mission Statement:

*"To engage and partner in a collaborative and responsive effort with the community and local organizations with respect to the diversity of the community to better serve present and future generations."*
