Sims Meat Processing Inc.

- Located at 6961 South 3rd Line Road in Kingsbury Industrial Park.
- Founded in 2008 by the dynamic husband-wife team of Craig and Sabrina Sims who have grown their business incrementally for the past 13 years.
- The family-owned business specializes in the custom meat processing of beef, pork, lamb and chicken which contains no added hormones or antibiotics; meat is cut and dry-aged.
- Retail business hours are Monday through Friday from 9-5pm.
- Currently Sims Meats employs 13 employees.
- The Sims family has just completed a 3,000 ft. expansion project that added retail space and additional space for processing.
- With this investment in increased space, there is a need for entry level employees starting at \$15.00 per hour with a possible 2nd shift in the future.
- For new employees with meat experience, positions may start at \$20.00 per hour with higher wages based on experience.
- The company is very interested in hiring high school students who are interested in full or part-time work experience while learning a skilled trade.
- Sims Meat Processing may be reached by calling 219-393-1000 or by visiting their website at simsmeats.com.
- They can be reached by email at simsmeats@simsmeats.com.

Alexander Chemical Corporation

- In 1950, Alexander Maley founded the Alexander Chemical Corporation. In 1959, Alexander Chemical Corporation became the Chemical Division of North American Car Corporation.
- The blending of all the right elements enabled Alexander Chemical to grow its product line, and in 1985 they first opened their doors at the now consolidated facility at 7593 S. First Road in Kingsbury, Indiana with the purchase of Cardinal Chemical Corporation.
- Alexander Chemical Corporation is a leader in the water purification industry that supplies industrial gasses and chlor-alkali products to major chemical and petroleum companies, pharmaceuticals, industrial users, and municipalities throughout the Midwest.
- Alexander Chemical is also an industry leading supplier of industrial gasses to a wide range of industries such as the pulp paper, steel, and agricultural industries.
- The reason why Alexander continues to be a leader in the industry is because of their tireless dedication to safety and employee education.
- Alexander Chemical has a transportation arm, Circle Transport, Inc., with an extensive fleet which allows them the opportunity to offer safe and dependable transportation of their products to their customers.
- Their trucks are equipped with specialized equipment and unloading configurations to assure efficient and safe transport of products to receiving sites. From order placement to the final shipment, Alexander Chemical Corporation is committed to the singular goal of customer satisfaction in the safe use and the handling of its products.
- They are a privately held company with a total of 62 employees for both Alexander Chemical and Circle Transport, of which 38 are union positions, with an average wage of \$29.50 per hour.
- Alexander Chemical is proud to offer many different paths to those who want to build a career in the chemical industry.
- They offer competitive wages, union benefits with a 401(K) with company matches, and competitive paid time off.
- For more information on ACC's markets, products, and services, please visit <https://www.alexanderchemical.com/>.
- To review the open positions at Alexander Chemical and Circle Transport, Inc. please go to <https://www.alexanderchemical.com/careers/>. Send your resume to recruitment@alexchem.com.
